**USC CONTINUING EDUCATION UNITS (CEUs)**

**What are CEUs?**

- Issued by the USC Rossier School of Education, CEUs are recognized nationwide as a standard measurement of an individual's continuing education activity.
- CEUs serve as a permanent documentation of your professional development coursework.
- CEUs are NOT USC course or graduate credits.

**What are the benefits of CEUs?**

- CEUs are a means of documenting the amount of professional development hours and/or training that you have acquired.
- CEU units are tied directly to the high-quality workshops, conferences, seminars and certificate programs offered by the University of Southern California.
- USC CEU credits are approved through the instruction, direction and evaluation by qualified University faculty members.
- You will need to check with your school district to see if they accept USC CEUs in place of salary points/credits. For your reference, the Los Angeles Unified School District (LAUSD) accepts CEUs, issuing one LAUSD salary point per three CEUs.

**How much do CEUs cost?**

- For this seminar, you are eligible to receive a maximum of six (6) CEUs. There is a processing fee of **\$35 per CEU**, for a total of \$210, payable by check or credit card.

**How do I apply?**

- You will need to complete the CEU Request Form and submit it with your curriculum project by no later than Sunday, September 8, 2019:
  - **If you are paying by check**, you will need to make the check payable to "University of Southern California."
  - **If you are paying by credit card**, you will need to provide your credit card number and expiration date on the CEU Request Form.
- **After we have confirmed that you have completed ALL seminar requirements** (curriculum project, reflection essay, web forum postings) following the requirement deadline, we will forward your request form and payment along with confirmation of your seminar completion to the USC Rossier School of Education, and a USC CEU transcript will be issued and sent to your home address.
