

Questions “Chabuduo! Close enough...”

Name _____

Date _____ Period _____

Make and fill out this T chart with examples from the article:

Benefits of chabuduo

Hazards of chabuduo

Answer the following questions in complete sentences with quotes from the article to support your response.

1. How does chabuduo lead to improvisation?
2. Why doesn't anything change when there is a “Tianjin-level explosion every month”?
3. What current examples of craftsmanship does the author find?
4. Why is the tech sector an exception to the culture of chabuduo?

5. Is the Chinese government partially to blame for the attitude of chabuduo? Explain.

Group work:

You and your group have been hired by the Chinese government to come up with a plan to eradicate the “chabuduo” attitude. They want you to bring them two ideas to present. For each idea, explain the process that the government will need to go through to implement and follow up required.
